Dedication

We dedicate this book to the "New Newark." We hope that this concept of the "New Newark" will bring about a great number of needed changes in the lives of this city's many citizens.

More people are becoming concerned and making a sincere effort to make Newark a better place in which to live.

Some of the problems in the "Old Newark" have been sub-standard housing, a lack of sufficient educational facilities and materials, inadequate employment, a lack of community identification and pride, and artificial government. All these wrongs will not be corrected overnight, but at least the people of Newark are endeavoring to change these impoverished conditions.

More than anything, we hope the "New Newark" will bring with it an improved educational system. The "New Newark" will provide better facilities and adequate homes. A good education, a good job, and a home of which we can be proud will do much to improve the lives of our citizens.

We don't expect miracles, but at least there are hopeful signs that many who were unconcerned before have finally come to realize that Newark is worth saving — that Newark must be saved!

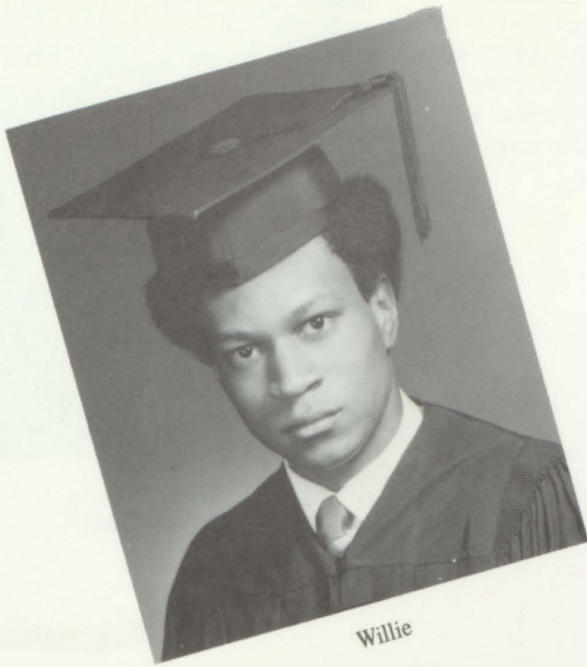

As we go out to do our part, we hope that we can ameliorate our city so that future graduates of Central and other surrounding high schools in Newark can walk out into a better Newark than the one we are walking into today.

There are some who won't do very much to build the "New Newark," but we the graduating class of '70 are a part of a morally committed generation, one that is creative, hopeful, and moving. One that is striving to make Newark a better place in which to live because surely Newark has the potential to become a thriving and prosperous city.

Happiness is a perfume that you can't sprinkle on others without wasting a few drops on yourself.

Number 1
MARILYN EDWARDS

To the class which follows, I would like to leave the desire to motivate themselves and their followers to reach and dream; and most of all, to achieve their goals.

Number 2
WILLIE FREEMAN

To the class that follows I would like to leave the thought that "A journey of a thousand miles begins with a single step."

Number 3
MARY LOWERY

Although you may be criticized and laughed at by your classmates for getting good grades and doing what is right, don't stop now; because you are on the road to success. The laughs will be the losers.

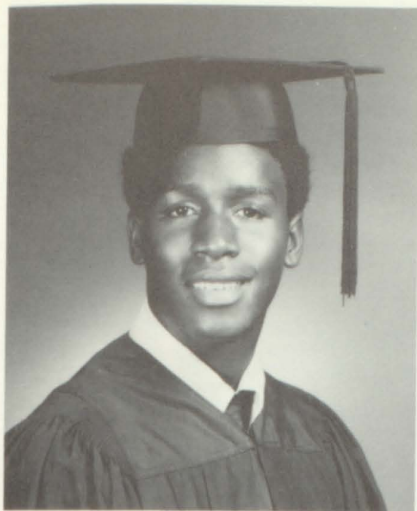

Number 4
DEBBIE PETTIWAY

Learning is receiving knowledge. Using your knowledge is reaching for the gift of wisdom . . . The gift that belongs to the experiences and the open mind.

As James Brown would tell it, "Without an education, you may as well be dead."

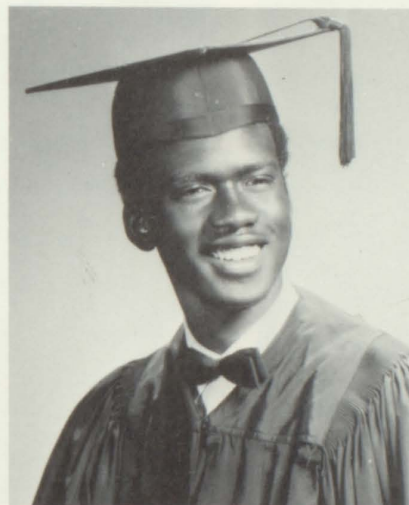

Number 7
MICHAEL TAYLOR

With the many educational opportunities there are for the young people today, nothing should prevent us from setting a goal and reaching it.

I have cared enough, had determination, and confidence to get what I could out of my studies. If you have this type of attitude, you are well on your way toward your goals.

Number 8
RICHARD WHITE

During the course of your life, you will cross many a dark threshold and walk many a dark corridor . . . Carry the torch of knowledge to light your way.

Number 9
VERA WIGGINS

Only you know what you are capable of,
Only you know what you want,
Only you can achieve your goals;
No one can do it for you.

Number 10
LORRAINE WOOLRIDGE

Always strive for the best things in your life and be the best of whatever you are.

Some Thoughts to Live By

FAMOUS QUOTES.

Be civil to all; sociable to many; familiar with few; friend to one; enemy to none.

Benjamin Franklin

.....
Fear less, hope more; eat less, chew more;
whine less, breathe more; talk less, say more;
hate less, love more; and all good things are
yours.

Lord Fisher

.....
He does not believe that does not live according
to his belief.

.....
My code of life and conduct is simply this: Work
hard; play to the allowable limit; disregard equal-
ly the good and bad opinion of others; never do
a friend a dirty trick; . . . never grow indignant
over anything; . . . live the moment to the utmost
of its possibilities, . . . and be satisfied with life
always, but never with oneself.

George J. Nathan

.....
Whatever limits us, we call Fate . . . The limita-
tions refine as the soul purifies but the ring of
necessity is always perched at the top.

Emerson

.....
When a man finds no peace within himself it is
useless to seek it elsewhere.

It is the peculiar quality of a fool to perceive
faults of others, and to forget his own.

Cicero

.....
Love: Pain or Pleasure

Yes, loving is a painful thrill,
And not to love more painful still;
But oh, it is the worst of pain,
To love and not be lov'd again.

Anacreon, Odes

.....
Courage Brother! Do not stumble,
Though thy path be dark as night;
There's a star to guide the humble,
Trust in God and do the Right.

Norman Macleod

.....
The righteous promise little and perform much;
the wicked promise much and perform not even
a little.

Babylonian Talmud

.....
It is an undoubted truth, that the less one has to
do, the less time one finds to do it in. One yawns,
one procrastinates, one can do it when one will,
And therefore, one seldom does it at all.

Lord Chesterfield

.....
Fear of danger is ten thousand times more terri-
fying than danger itself when apparent to the
eyes; and we find the burden of anxiety greater,
by much, than the evil which we are anxious a-
bout.

Reading Skills Are Vital

The Reading Skills program at Central High School was organized in the fall of 1968. Sponsored and financed by the New Jersey Bell Telephone Company, this program was designed to help Centralites better their reading skills.

The head of the program is Dr. Jerry Weiss. He and his team of reading teachers are from Jersey City State College. Mr. E. Landis of Bell Telephone looked for the greatest need in Central, and found that many of the students were lacking in good reading skills. This is the second year that the program has been in progress and so far, this dedicated team of workers has done a wonderful job in helping the students here.

Cog'n'Pen Staff

To coin an old phrase, "My how the time does fly!" It seems like only a few weeks ago that we were scurrying around making plans for the 1970 Cog 'N' Pen. Many long hours have gone into the formulation of this book; our sincere hope is that it will bring even longer hours of pleasure to the members of our class.

This has been a most rewarding experience. Going from day to day meeting challenges, defeating tasks, trying ideas, reaching and creating. Freedom to achieve - and never losing hope. There were several people who offered us guidance and assistance. We cannot leave without saying a special 'thank you' to: Mr. Bill McNamara of Taylor Publishing Co., Mr. Frank Merin of Lorstan-Thomas Studios, Mr. Joe Ram and Miss Pat Boyd of our Central High Staff. An even bigger 'thank you' to Mr. Hayward Miller for his valuable advice and assistance with art work.

Having met our last deadline, the Cog 'N' Pen Staff rests once again. But never to forget this 'reflective glance into our times.'

Moments Quietly Reflected

Young and wild we entered Central High School in our Freshman or Sophomore year.

As freshmen aimlessly we roamed around the school to find our scheduled classes, and if by chance we did stumble into a class, we did not always realize the value of an education.

Often we were invited to attend various assembly programs, which were most interesting. One being a program entitled "Things Are Changing." This was a program that showed how things were changing in the way of job opportunities for black people.

It was also during our freshman year that the "Black" emphasis began to play an important part in our lives.

Many of us entered in our Sophomore year from the neighboring junior high schools, and therefore we did not have the opportunity to share our freshman memories with the entire class. So, the sophomore year was one of adjusting to new surroundings for many of us.

One of the things we found most exciting during that year was the "Pep Rally." We had never been to anything like it in our lives. It was a most exciting as well as an enjoyable experience, it marked the beginning of our football season.

Although we were regarded as underclassmen, it was our underclassmen or Junior Varsity Basketball team that took County and our Varsity took City.

Thus ending our sophomore year with a bang was the "Boycott."

In our Junior year we began to realize the true value of an education. This year was the most important year for us, because we realized that we were approaching our senior activities, such as our prom, and we also started fund raising activities.

Through the Title I program it was made possible for us to witness many "Black Culture" programs.

Thus ending our junior year, the key to the school was handed over to our Senior Class President.

In our Senior year we started making plans to go our separate ways. Not too unnoticed were the many harmful and solemn entreaties around the school, the most painful being the attacks on students and teachers, and the Teacher Strike which brought education to a virtual standstill.

When we look back, we'll recall Football, Cross Country, Baseball and Basketball contests. The competition was oft times rough. Sometimes defeated but always a good loser.

We'll remember assembly programs, concerts, trips to shows, fun at dances and laughter, and we were happy. But most of all we'll remember freedom; Freedom to reach, to create; Freedom to think, to explain; Freedom to achieve, and try our hardest. The friendships we've made will long be remembered.

If we took our share of the experiences offered, this book should serve to rekindle a lifetime supply of memories.
